

ACME CORP EMPLOYEE ONBOARDING GUIDE

Policy ID: ACME-HR-006

Version: 2.0

Effective Date: January 1, 2026

1. PURPOSE

This guide defines the standard onboarding activities expected during an employee's first weeks at ACME Corp.

2. BEFORE THE START DATE

- 2.1 New employees must complete required employment documentation.
- 2.2 Required identity, payroll, and contact information must be submitted through approved channels.
- 2.3 IT may prepare approved equipment and account access before the start date.

3. FIRST DAY

- 3.1 Employees must complete required orientation activities.
- 3.2 Employees must activate their company account and configure required authentication.
- 3.3 Employees must review applicable security, acceptable-use, and conduct policies.

4. FIRST WEEK

- 4.1 Employees should complete mandatory training assigned by Human Resources or their department.
- 4.2 Employees should meet their manager and understand role responsibilities and working arrangements.
- 4.3 Employees must verify that required systems and tools are available.

5. SECURITY TRAINING

Employees must complete assigned information-security and privacy training within the deadline specified by the training system.

6. EQUIPMENT

- 6.1 Company-issued equipment must be used according to security and acceptable-use policies.
- 6.2 Employees must not install unauthorized software on company-managed devices.
- 6.3 Equipment problems should be reported to IT through the approved support process.

7. ACCESS REQUESTS

- 7.1 Access to systems is granted according to job responsibilities.
- 7.2 Employees must not request or use access that is unnecessary for their role.

7.3 Access changes should be requested through the manager and approved access process.

8. PROBATION / INITIAL REVIEW

Managers may conduct an initial performance or onboarding review during the first 90 days.

9. COMPLETION

Onboarding is considered complete when required documentation, training, system access, and role-specific orientation activities have been completed.

10. QUESTIONS

Employees should contact their manager, Human Resources, or IT depending on the issue.
